

Triple Crown Nutrition’s Before and After Super Stars

Here at Triple Crown Nutrition, we enjoy any opportunity to connect with our beloved horse loving community. Typically, we reserve our blog for more technical and or nutritional topics. Today, we just couldn’t resist sharing with you these great examples of how Triple Crown’s feed products have helped our customers see amazing results in their horses.

In August, we launched our Triple Crown Nutrition “Before and After Super Star” contest. This contest was a great opportunity for our fans to share their success stories and photos about how Triple Crown Nutrition’s feed improved their horse’s appearance, performance or health. With this contest, we were able to award one lucky winner FREE feed for their Super Star for one year! Eight other finalists won FREE Feed for a month!

Congratulations to all of our finalists!

Throughout the entire contest period, we heard about many wonderful transformations. From horses being saved from retirement, winning medals, competing at championships, and bringing a whole new light to their appearance, the variety of testimonials continue to inspire us. In case you didn’t get a chance to check out the contest, here are some highlights:

“...Thanks to Triple Crown, she made a great recovery and started looking like a million bucks almost immediately!!!” – Melissa and Coconut – Finalist

“...He has since blossomed into a STUNNING Show horse, Halter, Western Pleasure, English Pleasure, Showmanship you name it. He gets compliments everywhere we go on his coat and how stunning he has become!!!” – Heather and Apollo – Finalist

And from our **Grand Prize Winner...**

Superstar Winners Cindy and Utrillo

"Twelve months later we earned our last two scores to win our Bronze Medal and topped off his comeback with a top 10 finish at the 2012 USDF Region 3 Dressage Championships at 3rd Level in the AA Division." – Cindy and Utrillo
