1. One cellulase unit (CU) is defined as the amount of activity that will produce a relative fluidity change of 1 (determined with a calibrated viscometer) in 5 minutes in a defined carboxymethylcellulose substrate at pH 4.5 and 40°C.

2. One hemoglobin unit (HUT) of proteolytic (protease) activity is defined as that amount of enzyme that produces, in one minute under the specified conditions, a hydrolysate whose absorbance at 275nm is the same as that of a solution containing 1.10g per mL of tyrosine in 0.006N hydrochloric acid. Estimated values determined by Equi-Analytical, Ithaca, NY.

3. One bacterial protease unit (PC) is defined as the quantity of enzyme that produces the equivalent of 1.5µg/mL of L-tyrosine per minute under assay conditions of pH 7.0 and 37°C.

FEEDING DIRECTIONS

For easy keeping, mature horses.
Feeding one heaping enclosed scoop provides 4 oz.

Horse weight (lb.)	Balancing pasture or hay-only diets*	Balancing unfortified grain diets**	Balancing diets when feeding less than the recommended amount of fortified feed*
600 - 900	4 - 6 oz.	4 - 6 oz.	2 - 3 oz.
900 - 1,100	6 - 8 oz.	6 - 8 oz.	3 - 4 oz.
1,100 - 1,300	8 - 10 oz.	8 - 10 oz.	4 - 5 oz.

*Assuming a horse is consuming a minimum of 1.50 to 2% of its body weight in hay or pasture.

**These feeding recommendations provide appropriate vitamin/mineral fortification according to body weight when feeding otherwise unfortified sources of calories such as oats, beet pulp or rice bran. For desired body condition, adjust the calorie source (oats, beet pulp, rice bran) up or down to adjust caloric intake.

Feeding recommendations are based on average daily requirements. Horse's needs may vary based on age, work level, metabolism, weather and other factors.

NOTE: Provide plenty of fresh, clean water at all times. Keep product fresh in cool, dry storage. Examine product daily. DO NOT use if old, moldy or contaminated with insects.

CAUTION: Follow feeding guidelines. Feeding added Selenium at levels in excess of 0.30 ppm in the total diet is prohibited. Product contains added Copper; do not feed to sheep
